Full-Arch Rehabilitation Surgical Cadaver Hands-on Workshop

PROGRAM DESCRIPTION:

This two-day program is designed for specialists who are currently treating and wish to refine their clinical skills treating patients with full-arch rehabilitation. The concepts and techniques taught in this program will enable participants to surgically place angled implants and deliver full-arch immediate loaded screw-retained provisional restorations to patients.

Participants will learn a step-by-step, practical approach to placing and restoring implants as well as deliver provisional prostheses on the day of implant placement through a combination of didactic and hands-on training; definitive prostheses can be fabricated and delivered in an appropriate timeframe. Discuss the team concepts linking the surgical and restorative practices with the dental laboratory to deliver this advanced care in an efficient manner.

The hands-on exercises of this course will take place in a state-of-the-art Surgical Cadaveric Laboratory. This allows clinicians to perform real-life clinical scenarios on human tissue to achieve these types of procedures including the steps needed to fabricate immediate, functional, full-arch provisional restorations; surgical procedures. Definitive prosthesis design and fabrication will also be discussed.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who are candidates for immediate full-arch restorations.
- Grasp the key components of the clinical and surgical treatment planning and work-up involved in these cases.
- Diagnose, treatment plan, and set up the requisite appointments/logistics for these procedures.
- Communicate the treatment plan with surgical, restorative and laboratory professionals to create an effective team approach and optimal patient outcomes.
- Plan and execute the surgery and restoration.
- Understand these cases from the patient perspective.
- Identify the appropriate restorative components needed for full-arch provisional restorations.
- Fabricate an immediate full-arch provisional restoration by following the guidelines for RevitaliZe® Patient Solutions.

BRENT R. BOYSE, DDS

Dr. Boyse received his dental degree from the University of the Pacific – Arthur A. Dugoni School of Dentistry, where he was inducted into the Omicron Kappa Upsilon Honor Society. He completed his Oral and Maxillofacial Surgery residency at the University of Rochester in Rochester, New York. He is a Diplomate of the American Board of Oral and Maxillofacial Surgery. Dr. Boyse maintains a group practice in Mesa, Arizona.

Full-Arch Rehabilitation Surgical Cadaver Hands-on Workshop

For the event to be held by Zimmer Biomet Dental on October 6 and 7, 2017 entitled, Full-Arch Rehabilitation Surgical Cadaver Hands-on Workshop, Zimmer Biomet Dental is offering to U.S. and Canada based surgical specialists the following:

- Three nights lodging (Thursday, October 5, Friday, October 6 and Saturday, October 7) at the Sheraton Parsippany, 199 Smith Rd, Parsippany, NJ 07054. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Sheraton Parsippany and the Zimmer Biomet Institute East.
- Continental breakfast and lunch provided on October 6 and 7, 2017.
- One round trip coach airfare ticket up to \$350 from the clinician's home city to Newark International Airport (arriving Thursday, October 5 and departing Sunday, October 8). **Air travel must be booked through the Zimmer Biomet travel agent.** Once registration is confirmed detailed instructions will be sent.
- Travel insurance and other insurance is not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.
- To obtain reimbursement for air travel, registrants must book air travel through Zimmer Biomet Dental's designated travel agency at the time of registration confirmation. Reimbursement will not be provided if registrant chooses to book air travel outside of Zimmer Biomet Dental's designated travel agency or uses personal mileage for airfare.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet Dental to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet Dental. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Institute@zimmerbiomet.com

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items include meals and continuing dental education credits.
