Aesthetic Implant Restorations Utilizing Advanced Digital Dentistry
Speaker: Dean C. Vafiadis, DDS

PROGRAM DESCRIPTION:
The evolution of digital dentistry has provided dental professions with a new standard in delivering restorations with both aesthetic and functional outcomes. The combination of CAD/CAM technology and intra-oral scanners allows restorative clinicians in collaboration with the dental laboratories to design and fabricate patient-specific restorations for long-term aesthetics and function. This program will review today’s digital technology; provide the clinical rationale for integrating digital workflows in the dental practice; provide an overview of the benefits and limitations of intra-oral scanners; and the design principles used in the abutment design.

PROGRAM OBJECTIVES:
At the end of the program, the participant should be able to:

• Understand the ideal workflow in order to incorporate digital dentistry in the dental practice.

• Recognize the value of utilizing advanced technologies for developing and sustaining aesthetic restorations supported by dental implants.

• Comprehend the benefits and limitations of intra-oral scanners.

• Understand the design principles used in CAD/CAM abutment design.

Speaker: Dean C. Vafiadis, DDS
Dr. Vafiadis received his dental degree and Prosthodontic Specialty Certificate from New York University College of Dentistry. He is an Associate Clinical Professor and the Program Director of the Full Mouth Rehabilitation CE Course at NYU College of Dentistry. Dr. Vafiadis is a member of the American College of Prosthodontics, Academy of Osseointegration, International Congress of Oral Implantologists, American Academy of Esthetic Dentistry, and American Dental Association. He maintains a private practice limited to prosthodontists and implant dentistry in New York City, New York.

ADA CERP: Biomet 3i is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, no does it imply acceptance of credit hours by boards of dentistry. Biomet 3i designates this activity for up to 2 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Events@zimmerbiomet.com.

TRANSPARENCY REPORTING: All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items includes meals and continuing dental education credits.
