

IMMEDIATE AND DEFINITIVE RESTORATIONS OF THE EDENTULOUS ARCH HANDS-ON WORKSHOP

ZIMMER BIOMET
Institute

Speakers: James A. Rivers, DMD, MHS, Edward T. Murphy, DMD and Henry Martin, CDT

PROGRAM DESCRIPTION:

Patients with debilitated or missing dentitions often seek rehabilitation to quickly regain masticatory function, esthetics, and quality of life. Clinicians can now predictably offer treatment solutions for immediate full arch restorations to meet patient demands and expectations.

This program combines didactic and hands-on training to show participants a step-by-step, practical approach to deliver provisional prostheses on the day of implant placement; definitive prostheses can be fabricated and delivered in an appropriate timeframe.

The hands-on exercise of this course will take place in a state-of-the art Simulated Patient Training Laboratory. This provides clinicians with laboratory experiences needed to perform these types of procedures including the steps needed to fabricate immediate, functional, full-arch provisional restorations; definitive prosthesis design and fabrication will also be discussed.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who are candidates for immediate full-arch restorations.
- Diagnose, treatment plan and set up the requisite appointments/logistics for these procedures.
- Identify the procedures/discussions essential to gaining patient acceptance of this type of treatment.
- Identify appointment types and lengths of time needed for efficient treatment.
- Fabricate and insert immediate provisional restorations (single tooth and full arch).
- Fabricate and insert definitive restorations (single and full arch).
- Fabricate an immediate full-arch provisional restoration by following the guidelines for RevitaliZe® Patient Solutions.

JAMES A. RIVERS, DMD, MHS

Dr. James A. Rivers is a Prosthodontist. He received his dental degree, Masters in Health Science degree and graduate prosthodontics training at Medical University of South Carolina. Dr. Rivers is a member of the Academy of Osseointegration, ICOI, ADA, SCDA and other professional organizations. He received the Meritorious Achievement Award from the South Carolina Dental Association for his contribution to dental education and the dental literature. He received the Pierre Fauchard Academy Distinguished Dentist Citation for outstanding contributions to the art and science

of dentistry. He also received the Alumni Award of Honor from the College of Dental Medicine Alumni Association for his contribution to the profession, his alma mater and community. He has presented over 500 local, state, national and international invited lectures on implant dentistry. His lectures provide valuable information on all phases of dental implant restorative procedures.

IMMEDIATE AND DEFINITIVE RESTORATIONS OF THE EDENTULOUS ARCH HANDS-ON WORKSHOP

Speakers: James A. Rivers, DMD, MHS, Edward T. Murphy, DMD and Henry Martin, CDT

EDWARD T. MURPHY, DMD

Dr. Edward T. Murphy is board certified and maintains a private practice with Periodontal Associates, LLC in Charleston, South Carolina. He is a Diplomate of the American Board of Periodontology as well as a Clinical Assistant Professor at the Medical University of South Carolina. He received a Bachelor of Science degree from University of Georgia and his Dental degree from the Medical University of South Carolina. Dr. Murphy completed a double residency training program in Advanced General Dentistry and Periodontology, which included Implantology at the Medical University of South Carolina. He has extensive experience in periodontal soft tissue surgery, bone grafting and implant surgery, working closely with the restorative dentist for total comprehensive dental health.

HENRY MARTIN, CDT

Henry Martin, CDT is the owner of a restorative dental laboratory in Charleston, SC and is one of the only 300 Certified Dental Laboratories. Henry's technical experience includes all aspects of Dental Technology, with an emphasis on dental implants. Implant restorations have become a specialty of his laboratory, having 30 years of experience, advanced training, and extensive experience in most systems. He has been involved in hundreds of immediate load full-arch restorations and has presented on this procedure to surgeons, restorative dentists and technicians many times. He has studied occlusion and function at the Dawson Center for Advanced Dental Studies. He currently serves as President of the National Association of Dental Laboratories and is a trustee for the Foundation for Dental Technology. He is a member of the Editorial Board for the Journal of Dental Technology. He has held positions such as, Chairman of the National Board for Certification in Dental Technology, board of director for the National Association of Dental Laboratories; He is a Past President of the Southeastern Conference of Dental Laboratories, current co-chairman of the Eastern Conference of Dental Laboratories, a past President of the South Carolina Dental Laboratory Association. Henry is a current member of the NADL, South Carolina Dental Laboratory Association, Southeastern Conference of Dental Laboratories, American Academy of Cosmetic Dentistry, American College of Prosthodontics and the Academy of Osseointegration.

Zimmer Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Dental designates this activity for 14 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

DISCLOSURE: Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.

TRANSPARENCY REPORTING

All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits
