Implant Dentistry – Accelerating Confidence

An Interactive 2 day Hands-On Course

16 – 17 May 2019

Winterthur (near Zurich), Switzerland

ZIMMER BIOMET
Institute

Prof. Dr. Zoran Lazić (Serbia)*

Prof. Zoran Lazić graduated from the School of Dentistry, University of Belgrade. He finished his training in oral surgery in 1993, gained master's degree and finished his PhD thesis in 2004 in the field of oral implantology and growth factors. Since the beginning of his career prof. Lazić has worked at the department of oral implantology in the Military Medical Academy (MMA) and he currently holds the position as head of Clinic of Dentistry. He is the past president of the Serbian Association of Oral Implantology. Prof. Lazić is director of postgraduate oral implantology program at MMA and visiting professor at two universities. He lectures across the region with the focus on immediate implant placement and implant design. On this subject he published over 30 articles. Prof. Lazić maintains a private practice in Belgrade, Serbia.

Dr. Boris Filipović (Croatia)*

Boris Filipović graduated from the School of Dental Medicine, University of Zagreb. As a dental technician and multi-year demonstrator, he graduated from the distribution of chewing forces to the locomotor system. Focused on functional diagnostics and aesthetics, he gained experience over the years in the areas of restorative dentistry, endodontics, orthodontics and prosthetics. Working in dental laboratories, chairside with dental technicians, gave him a wider perspective. Gaining experience in eminent Croatian polyclinics and continuous professional development, he has mastered fixed prosthetic aesthetic and implantological solutions. Cooperation with domestic and foreign experts resulted in work on high-esthetic solutions of complex implant prosthetic cases and the improvement of known methods for immediate loading of implants. Since 2016 he has been working in his own Medical Institution specializing in implantology and dental prosthetics.

Dr. Joško Grgurević (Croatia)*

Dr. Joško Grgurević graduated from the School of Dental Medicine, University of Zagreb. He gained MSc degree and finished specialization in Oral Surgery in 2004. In 2011 he defended his doctoral thesis and became PhD. Dr. Grgurević has 14 years of work experience as a specialist at the Department of Oral surgery at Dental Clinic Zagreb and is currently the head of the Department. His professional fields of interest are implantology, regenerative procedures, augmentation procedures, piezo surgery and usage of hard tissue lasers in oral surgery. During his career he has held courses in suturing techniques in oral cavity, has presented on international implantology congress, and has had poster presentations on EuroPerio and European society of Endodontology congresses. Since 2012 he is a scientific associate at the University of Zagreb, School of Dental Medicine. He has published 15 articles.

*All of these clinicians have a contractual relationship with Zimmer Biomet Dental resulting in their presentations, consultancy work and other professional services.

Zimmer Biomet Institute

DISCLOSURE: Zimmer Biomet manufactures and distributes products discussed in Zimmer Biomet course. Products manufactured by Zimmer Dental, Inc or Biomet 3i, LLC may not be cross compatible. For additional product information, please refer to the individual product labeling or instructions for use. Product clearance and availability may be limited to certain countries/regions. Product information is intended for clinicians only and does not comprise medical advice or recommendations. Product information material may not be copied or reprinted without the express written consent of Zimmer Biomet.

CONTENT DISCLAIMER: Participant must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information provided in Zimmer Biomet courses is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet does not practice medicine or dentistry. Each Participant should exercise his or her own independent judgment in the diagnosis and treatment of an individual patients. Zimmer Biomet courses and information provided thereon do not purport to replace the comprehensive training Participants have received. Zimmer Biomet courses are designed to present a fair and balanced view of all options.

REGISTRATION AND CANCELLATION POLICY:

I.- REGISTRATION: Registration to Zimmer Biomet* educational courses or events (“Zimmer Biomet courses”) is limited to Health Care Professionals** (“Participant/s). In order to provide each course Participant with a focused and personalized educational experience, the number of Participants is limited for each Zimmer Biomet course. Registration is accepted on a first-come, first-served basis. Registration is not confirmed until Participant receives a confirmation from Zimmer Biomet.

II.- CANCELLATION POLICY:

II.I Zimmer Biomet cancellation and amendment right: Zimmer Biomet reserves the right to amend topics, agenda, themes or panel discussions in Zimmer Biomet course program as well as given speaker, event location, day or time publicly communicated. Zimmer Biomet shall not be liable for any expenses incurred by Participants as a result of amendment implementation, including but not limited to travel and accommodation expenses and lost revenues. Zimmer Biomet reserves the right to cancel Zimmer Biomet courses at any time. If the cancellation takes place within 14 days (inclusive) prior to the starting date of Zimmer Biomet course, Zimmer Biomet will refund, in addition to registration fee, all duly accredited travel and accommodation expenses resulting from Zimmer Biomet course cancellation. If the Zimmer Biomet course is cancelled more than 14 days prior to the starting date, Participants are not eligible for the refund of any fees or expenses, excluding the registration fee.

II.II Participant cancellation right: If Participant wish to cancel, a written notification must be sent to sophie.garzia@zimmerbiomet.com. No refunds for no-shows or cancellations made within 14 days of Zimmer Biomet course starting date will be provided to Participant.

COMPLIANCE: Participant acknowledges that Zimmer Biomet sponsorship of Zimmer Biomet course registration fee and materials, in accordance with Zimmer Biomet policies and to the extent permitted by applicable law, do not intent to improperly induce the purchase or use of any Zimmer Biomet product or to influence any procurement decision by Participant or the Institution to which Participant is professionally related. Zimmer Biomet intended bearing of Zimmer Biomet course registration fee and education material cost will be granted independent of any sales transactions between the Participant and Zimmer Biomet. Participant represents that nothing in this Zimmer Biomet course shall be construed as an obligation on Participant to refer any patient, physician or health organization to any Zimmer Biomet supplied products or services nor it will have any effect on Participant decisions regarding the use, ordering or purchase of dental products or services. Participants acknowledge that participation at Zimmer Biomet courses do not interfere with any other obligations Participant has undertaken, in particular in connection with Participant current employment (if any) and that Participant Institution has no objections to Participant registration at Zimmer Biomet course.

DATA PRIVACY: The Information supplied by Registrant will be used by Zimmer Biomet Dental or its affiliates for administrative purposes and process in compliance with applicable data protection legislation. Zimmer Biomet Dental or its affiliates will comply with its respective obligations under the provisions of applicable national and EU Data Protection laws. Please check Zimmer Biomet Dental website to obtain information on Zimmer Biomet Dental privacy policy as well as contact data for questions, concerns or complaints about the policy or the collection, use, disclosure, transfer, access, or opting out of uses of personal data. Participant expressly consents to the storage and processing of his/her personal data by Zimmer Biomet for the purposes described in the previous paragraph. Zimmer Biomet informs Participant that it has implemented the technical and organizational security measures required to ensure the security of Participant personal data. Participant may exercise his/her rights of access, rectification, erasure and objection to the processing of his/her personal data on the terms and conditions laid down in current data protection legislation by contacting the following email address: pdatos@zimmerbiomet.com. Please check Zimmer Biomet Dental website to obtain further information on Zimmer Biomet Dental privacy policy as well as contact data for questions, concerns or complaints about the policy or the collection, use, disclosure, transfer, access, or opting out of uses of personal data.

TRANSPARENCY REPORTING: Participants further acknowledge that certain laws, ethical rules or regulations now or in the future may require disclosure of information on compensation, gifts or other remuneration provided to health care professionals and that Zimmer Biomet and its group companies shall be entitled fully to comply with any such laws, rules or regulations when and as applicable.
