Self-Study Series

Flexibility and Accessibility through Web-Based Learning

This **zbi**pathwayZ® Self-Study Series allows restorative clinicians to continue on the road to competency with a comprehensive program on full-arch therapy. The curriculum begins with a series of four (4) self-study webcasts, followed by a two-day skill development course held at Zimmer Biomet Institute (facilities in Carlsbad, CA and Parsippany, NJ). Because all members of the dental implant team play a vital role in follow-up care and professional maintenance of implant therapy, a Post-Graduate Bonus Module has been created for the entire office staff.

 **Two-Day Hands-On Restorative Workshop at Zimmer Biomet Institute**
