Achieving Success in Aesthetics and Function with Full Mouth Rehabilitation

LIVE CE WEBCAST

PROGRAM DESCRIPTION:
Full mouth rehabilitation involves providing a functional and aesthetic prosthesis to patients while not neglecting their comfort during the duration of the therapy. In this topic, Dr. Minichetti will speak on the principles of full mouth rehabilitation therapy for partially and fully edentulous patients. This presentation will include a discussion of concepts in prosthetic options, implant placement, treatment sequencing and achieving optimal patient esthetics.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:
- Select appropriate material and bonding agents for implant restorations.
- Describe step-by-step protocols for single and multiple-unit restorations.
- Understand the digital workflows for implant-supported restorations.
- Identify different workflows for optimal clinical outcomes.

John C. Minichetti DMD
Dr. Minichetti graduated from the University of Medicine and Dentistry of New Jersey (now Rutgers, School of Dental Medicine) and then completed a GPR program at the Mount Sinai Medical Center, New York, New York. He has been in clinical practice and teaching implant dentistry for more than 25 years. Dr. Minichetti is a fellow of The International Congress of Oral Implantology (ICOI), The Academy of General Dentistry (AGD), The International Academy of Dental Facial Esthetics, and The American Academy of Implant Dentistry (AAID). He is a Diplomate of the American Board of Oral Implantology/Implant Dentistry and is currently Vice President of the Board of Directors. Dr. Minichetti is past-president of the AAID and President of the AAID-Bergen County Dental Implant Study Group and serves as Chief of Department of Dentistry, at Englewood Hospital. He has published numerous scientific articles and has lectured and instructed worldwide.

ADA CERP®
Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

PANCE®
Zimmer Biomet Dental is an Approved PACE Program provider for ADEA CERP. This program is accepted for ADA CERP for one continuing education unit per hour. 

REGISTRATION AND CANCELLATION POLICY:
Registration is limited to practicing clinicians. Zimmer Biomet Dental reserves the right to cancel or substitute this program.

TRANSPARENCY REPORTING: All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of value” items include meals and continuing dental education credits. “The fair market value of this complimentary program will be reported as required under any transparency laws applicable in your region. In the USA, the reportable value per credit hour is USD $50.

The information being presented is of a general nature and is for dental education purposes only. The information includes descriptions of conditions that a healthcare professional may encounter and treatment options that may be considered for those conditions. Because this information does not purport to constitute any diagnostic or therapeutic statement with regard to any individual medical/dental case, each patient must be examined and advised individually, and this information does not replace the need for such examination and/or advice in whole or in part. Each healthcare professional should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this information does not purport to replace the comprehensive training clinicians have received.
