PROGRAM DESCRIPTION:
Patients with debilitated or missing dentition often seek rehabilitation to quickly regain masticatory function, esthetics, and quality of life. Clinicians can now predictably offer treatment solutions for both single-tooth and immediate full-arch restorations to meet patient demands and expectations. This program has been designed to explore 3D diagnosis, planning, and clinical success. There will be emphasis on planning single-unit and full-arch immediate restorations. Different workflows for real time optimization and better clinical outcomes will be addressed in this program.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:

- Comprehend CBCT analysis and 3D treatment planning and diagnosis.
- Describe the benefits of using guided surgery for single-tooth to full-arch cases.
- Treatment plan and implement guided surgery for single-unit through full-arch immediate provisional restorations.
- Anticipate and avoid complications and potential pitfalls.

JASON KIM, DDS
Dr. Kim is Clinical Assistant Professor, at NYU College of Dentistry in the Implantology Program and Surgical Director at Rutgers School of Dental Medicine in the Department of Periodontics. He is also on the Dean’s Faculty at University of Maryland School of Dentistry. Dr. Kim is a Diplomate with the American Board of Oral Implantology, a Fellow with the American Academy of Implant Dentistry, on the Board of Trustees for the American Academy of Implant Dentistry (AAID), and is Past President, NE District, for the AAID. He is the Co-Founder and Co-Director of Manhattan Dental Implant Seminars and is in Private Practice in Flushing, New York. Dr. Kim lectures nationally and internationally in the field of dental implant therapy and regeneration.

For the event to be held by Zimmer Biomet Dental on April 24, 2020 entitled, 3D Diagnosis, Planning, and Clinical Success for Guided Surgery Cases from Single Tooth to Full Arch, Zimmer Biomet Dental is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, April 23rd and Friday, April 24th) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr., Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on April 24th.
- Reimbursement of one round-trip coach airfare ticket up to $400 (inclusive of $35 agency fee) from the clinician’s home city to Palm Beach International Airport (arriving Thursday, April 23rd and departing Saturday, April 25th). Air travel must be booked through the Zimmer Biomet Dental Travel Agent. Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet Dental travel agent within two weeks of registration confirmation. Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

**Disclosure:** Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

**Disclaimer:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

**Important:** Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

**Registration and Cancellation Policy:** In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

**Transparency Reporting:** All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items include meals and continuing dental education credits.
