TECHNOLOGY FORUM

PROGRAM DESCRIPTION:
Patients with debilitated dentition often seek rehabilitation to quickly regain their confidence and quality of life. Immediate full-arch restoration can be an excellent solution for meeting patient demands and expectations. This full-day program demonstrates a step-by-step, practical approach to both delivering a provisional full-arch prosthesis on the day of implant placement and later creating an aesthetic, functional definitive prosthesis.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:
• Understand the scientific basis for immediate occlusal loading of edentulous jaws.
• Use a decision tree to determine which patients are the best candidates for immediate full-arch therapy.
• Develop a plan for fabricating an immediate full-arch provisional restoration with the aid of the RevitaliZe™ Guidelines.
• Identify the surgical and prosthetic components required for clinical treatment.

GEOFFREY CUNNINGHAM, DDS
Dr. Cunningham received his D.D.S from West Virginia University in Morgantown, West Virginia. After dental school he received a G.P.R. certificate and then practiced as an associate general dentist in Durham and Concord/Kannapolis, North Carolina. After five years of private practice he decided return to West Virginia University to pursue his specialty degree in Prosthodontics. In 2009, he received his Masters of Science and Certificate in Prosthodontics. Currently, as an Assistant Professor in Restorative Dentistry, he instructs didactic and clinical dentistry to pre-doctoral dental students and residents, he holds many committee appointments, and is the Director of the pre-doctoral occlusion course at WVU. His faculty practice focuses on Esthetic, Implant, and Reconstructive Dentistry where he typically treats patients requiring complex multidisciplinary full mouth reconstruction involving implants, fixed, and removable prosthodontics. Dr. Cunningham has presented his research and lectured nationally. Most recently, he is proud to announce that he was promoted to Assistant Director of Graduate Prosthodontics.

Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient

For the event to be held by Zimmer Biomet Dental on January 18, 2019 entitled, Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient, Zimmer Biomet Dental is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, January 17 and Friday, January 18) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr., Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on January 18.
- Reimbursement of one round-trip coach airfare ticket up to $350 from the clinician’s home city to Palm Beach International Airport (arriving Thursday, January 17 and departing Saturday, January 19). Air travel must be booked through the Zimmer Biomet Dental travel agent. Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet Dental travel agent within two weeks of registration confirmation. Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

TRANSARENCY REPORTING: All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
