Controversies and Innovations
Immediate Therapy and Management of Esthetic Failure Cases

FEATURING
Professor Dennis Tarnow
and Columbia University Faculty

A Point → Counterpoint Discussion

Zimmer Biomet Institute, Parsippany, NJ and Virtual
DENNIS TARNOW, DDS
Clinical Professor of Periodontology and Director of Implant Education at Columbia School of Dental Medicine.

Dr. Tarnow received his dental degree and completed postdoctoral programs in periodontics and prosthodontics at New York University. He is the former Professor and Chairman of the Department of Periodontology and Implant Dentistry at New York University College of Dentistry. Dr. Tarnow has a Certificate in Periodontics and Prosthodontics and is a Diplomate of the American Board of Periodontology.

He is a recipient of numerous awards for his outstanding contributions to the profession including, the Master Clinician Award from the American Academy of Periodontology, Teacher-of-the-Year Award from New York University, and Distinguished Lecturer Award from the American College of Prosthodontists.

Dr. Tarnow has a private practice in New York City and has been honored with a wing named after him at New York University College of Dentistry. He has published more than 200 articles in the peer-reviewed literature on peri-prosthodontics and implant dentistry, and he has co-authored three textbooks including one titled The Single Tooth Implant. Dr. Tarnow has lectured extensively in the United States and internationally in more than 45 countries.

HELD AT ZIMMER BIOMET INSTITUTE, PARSIPPANY, NEW JERSEY

PROGRAM DESCRIPTION
In this one-day program, controversies and innovations in implant therapy will be presented, followed by a point-counterpoint discussion to provide participants with multiple perspectives on a variety of clinical topics. In this unique format, participants will hear from experienced clinicians in academics and clinical practice on timely topics in the field of implant and reconstructive therapies. As there is often more than one equally correct approach to treatment, the many facets of specific issues will be demonstrated in this educational format.

PROGRAM OBJECTIVES
At the completion of the program, participants should be able to:
• Describe immediate vs. delayed placement of implants in the esthetic zone.
• Manage molar extraction sockets with and without immediate placement of implants.
• Comprehend the interdisciplinary management of esthetic failure cases using restorative dentistry, perio-plastic surgery, and orthodontics.
• Describe the interdisciplinary management of esthetic failure cases.

OR JOIN VIRTUALLY
See page 5 for registration and viewing options.
Program Agenda

8:00am-8:30am   Check-In, Registration, and Breakfast
8:30am-9:00am   Welcome and Introduction
9:00am-9:30am   Program Session 1

Immediate vs. Delayed Placement of Implants in the Esthetic Zone
Prof. Dennis Tarnow

Point-Counterpoint Discussion 1: Ridge Alterations with and without Grafting into Sockets with Oval Pontics
Prosthodontic Faculty Members

9:30am-10:00am  Coffee Break
10:00-11:45am  Program Session 2

Management of Molar Extraction Sockets with and without Immediate Placement of Implants in Molars
Prof. Dennis Tarnow

Point-Counterpoint Discussion 3: Immediate Placement Technique in Molar Sockets
Dr. Charles Wei

12:00-1:00pm  Lunch Break
1:00pm-1:15pm  Program Session 3

Interdisciplinary Management of Esthetic Failure Cases using Restorative Dentistry, Perio-Plastic Surgery, and Orthodontics—Part I
Prof. Dennis Tarnow

Point-Counterpoint Discussion 5: Ridge Augmentation Techniques—Graft Material Controversies and Techniques
Dr. Ioana Chesnoiu-Matei

11:45am-12:30pm  Coffee Break
12:30pm-2:15pm  Program Session 4

Interdisciplinary Management of Esthetic Failure Cases—Part II
Prof. Dennis Tarnow

12:00-12:15pm  Q and A
Question and Answer Session with the Audience and Online Participants
Facilitator: Dr. Laila Akhlaghi

2:15pm-2:30pm  Coffee Break
2:30pm-3:15pm  Program Session 4

Point-Counterpoint Discussion 3: Immediate Placement Technique in Molar Sockets
Dr. Charles Wei

Point-Counterpoint Discussion 4: Decay Rate of Adjacent Teeth with Molar Implants Based on the Distance of the Implant to Adjacent Natural Teeth—Should We Be Using Wider Implants?
Drs. Shannon Sullivan and Michael McKenzie

This program will offer 7 CE Credits/Lecture Hours

Columbia University Faculty

Laila Akhlaghi, DDS
Dr. Akhlaghi is an Instructor in Dental Medicine (Oral Surgery) at Columbia University Irving Medical Center, College of Dental Medicine. Dr. Akhlaghi completed a Bachelor of Science (BSc) from King’s College London in 2005. She then obtained her Bachelor of Dental Surgery (BDS) at Guy’s, King’s and St Thomas’ Dental Institute of King’s College University of London, where she received the Certificate of Merit from the Maurice Wohl Centre for exceptional work with patients. Dr. Akhlaghi joined the faculty at the College of Dental Medicine in the spring of 2019. In addition to running a dental clinic providing care for oncology patients, she oversees clinical and didactic activity of residents in the General Residency Program.

Ioana Chesnoiu-Matei, DDS, MSC

Dr. Matei is an Instructor in Dental Medicine (Periodontics) at Columbia University Irving Medical Center, College of Dental Medicine. He was born and raised in Madison, Wisconsin and after graduating from high school in 2007, attended the University of Wisconsin-Madison, majoring in biochemistry. While at Wisconsin, Dr. McKenzie did basic research in organic chemistry, both in the chemistry department, and at Merck Research Labs Boston. Upon graduating in 2011, he then moved to New York to complete his DDS education at Columbia University Irving Medical Center. After completing his degree, he completed a one-year General Practice Residency at New York Presbyterian Hospital/Columbia University Irving Medical Center. Since finishing dental school and residency, he has been in practice as a general practitioner at the Faculty Practices at the College of Dental Medicine.

Michael McKenzie, DDS
Dr. McKenzie is an Instructor in Dental Medicine at Columbia University Irving Medical Center, College of Dental Medicine. He was born and raised in Madison, Wisconsin and after graduating from high school in 2007, attended the University of Wisconsin-Madison, majoring in biochemistry. While at Wisconsin, Dr. McKenzie did basic research in organic chemistry, both in the chemistry department, and at Merck Research Labs Boston. Upon graduating in 2011, he then moved to New York to complete his DDS education at Columbia University Irving Medical Center. After completing his degree, he completed a one-year General Practice Residency at New York Presbyterian Hospital/Columbia University Irving Medical Center. Since finishing dental school and residency, he has been in practice as a general practitioner at the Faculty Practices at the College of Dental Medicine.
Dr. Shariff is an Instructor in Dental Medicine in Prosthodontics at Columbia University Irving Medical Center, College of Dental Medicine. Dr. Shariff obtained his Bachelor’s Degree in Surgery in K.L.E. University, in Bangalore, India. He moved to the U.S. shortly after in order to complete a Master of Public Health in Epidemiology, at Tulane University School of Public Health and Tropical Medicine. He then joined Columbia University College of Dental Medicine for a Dental Public Health Residency, after which he worked in the Periodontics Division and obtained his Master of Science in Periodontics. Dr. Shariff is a Diplomate of the American Board of Periodontology and the American Board of Dental Public Health. His passion includes both Clinical and Epidemiological research.

Dr. Wei is an instructor in Dental Medicine in Prosthodontics and Associate Director of the Advanced Education General Dentistry Residency Program at Columbia University Irving Medical Center, College of Dental Medicine. He received a Bachelor of Science in Biochemistry from the University of Texas at Austin. Dr. Wei went on to complete his DDS at Columbia University College of Dental Medicine while also obtaining a Master of Public Health from Mailman School of Public Health in 2014. He went on to complete his General Practice residency at New York-Presbyterian Brooklyn Methodist Hospital and his Prosthodontic residency at the West Los Angeles Veterans Affairs Medical Center. Dr. Wei is a member of the American College of Prosthodontists and associate member of the Pacific Coast Society of Prosthodontics.

ADA CERP

Zimmer Biomet Dental is a ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying, qualifying providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Certification is only provided for courses and instructors that meet ADA CERP standards. The participant is responsible for checking the course description for the list of ADA CERP approved courses.

ADA CERP is a registered trademark of the American Dental Association. AGD, Academy of General Dentistry and the PACE logo are trademarks of the Academy of General Dentistry.

These statements reflect the current views of the sponsor about the educational value of the learning activity. Policies regarding success, medication and fees are based on the definition and treatment of an individual patient, and this course did not influence the participant’s treatment decision or outcome, as determined by the participant.

REGISTRATION INFORMATION:

In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25... fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.

TRANSPARENCY REPORTING:

All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
