

# Treatment Planning for Optimal Implant Restorative Outcomes

Speaker: Gilbert K Watson, BDS MDS, DCLinDent (Pros)

## PROGRAM DESCRIPTION:

This program will concentrate on treatment guidelines for achieving optimal aesthetics in implant dentistry. During the program, the following topics will be covered:

- Case planning & Treatment options (bring cases to discuss)
- Impression Options & Encode
- Immediate Provisional restorations – restoring a single implant within 24 hours of surgery
- Surgical Guides – what the surgeon expects & tips on how to make
- Do's & Don'ts of Overdenture Bars
- Abutment Crown options – when to choose which

Speaker: Gilbert K Watson, BDS MDS, DCLinDent (Pros)

Dr Gilbert Watson graduated in 1984 with a BDS from University of Otago. He then spent 14 years in private practice before returning to Otago to complete a 3-year Prosthodontic Masters.

As part of his MDS he completed research based on the maintenance involved with implant overdentures having two papers published in peer reviewed

international journal - The International Journal of Prosthodontics.

On returning to Auckland Dr Watson established a specialist private practice, and became editor of the Auckland Dental Association newsletter as well as facilitator for the New Graduate Programme for a number of years. Dr Watson completed a two-year tenure as the President of the New Zealand Academy of Prosthodontists and Restorative Dentists and has been asked on a number of occasions to be an external examiner for Otago undergraduates as well as being on the board of advisors for the review of the Dental Technicians and Clinical Dental Technicians course. He currently works in a private practice in Auckland specializing in crown and bridge, dentures and partial dentures and implant support prostheses. He lectures for a number of different organizations throughout Australia and New Zealand.

**DISCLOSURE:** Products discussed in this course are manufactured by one or more of the dental subsidiaries of Zimmer Biomet Holdings, Inc., and distributed and marketed by Zimmer Biomet Dental (and, in the case of distribution and marketing, its authorized marketing partners). JST 3-2-2020. This course is designed to present a fair and balanced view of all options.

**DISCLAIMER:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

\*NZDA course accreditation does not imply promotion or endorsement of the contents of any course.

Attendees need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice.

**REGISTRATION AND CANCELLATION POLICY:** Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel or accommodation expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to [ema.filimoto@zimmerbiomet.com](mailto:ema.filimoto@zimmerbiomet.com).

**TRANSPARENCY REPORTING:** All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items include meals and continuing dental education credits.
