

IMPLANT RESTORATIVE OPTIONS FOR EDENTULOUS AND PARTIALLY EDENTULOUS PATIENTS HANDS-ON WORKSHOP

Speaker: James A. Rivers, DMD, MHS and Monica J. Cayouette, DMD

ZIMMER BIOMET
Institute

PROGRAM DESCRIPTION:

This two-day program is designed to support restoring clinicians, in conjunction with their surgical specialists, in their decision-making process when treating edentulous and partially edentulous patients with fixed and/or removable implant prosthodontics. They will learn basic to intermediate implant restorative options and techniques through lecture and hands-on exercises in a state-of-the-art Simulated Patient Training Laboratory which allows for real-life case scenarios on one-of-a-kind proprietary simulation patients.

Day 1 will focus on diagnosis and treatment planning using basic prosthodontic principles. Information will be presented in lecture and group discussion formats. Laboratory procedures will be accomplished regarding implant/abutment impressions, master casts and fabrication of screw-retained provisional restorations.

Day 2 will focus on full arch, fixed and removable implant prostheses. The benefits and limitations of screw-versus cement-retained implant restorations, screw mechanics, abutment selection criteria, and occlusion for definitive prostheses will be thoroughly discussed. The laboratory exercises will concentrate on removable, implant-supported overdentures including clinical and laboratory steps needed in fabricating stable, retentive removable overdentures. The day will conclude with treatment planning individual cases that the attendees have brought along with them.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who are candidates for fixed and removable implant-supported restorations.
- Develop treatment plans for edentulous and partially edentulous patients utilizing implant-supported prostheses.
- Make implant/abutment impressions and soft-tissue master casts for definitive prostheses.
- Fabricate a multiple-unit, screw-retained provisional prosthesis for an implant-supported fixed partial denture.
- Fabricate a provisional implant with optimal gingival contours and easy access for oral hygiene.
-

JAMES A. RIVERS, DMD, MHS

Dr. Rivers received his dental degree, Masters in Health Science degree and graduate prosthodontics training at the Medical University of South Carolina. He recently retired from dental academics after thirty years service. Dr. Rivers is the recipient of numerous awards for his contributions to dental education, to the profession, and his community, and is an active member of several professional organizations. He has presented more than 500 lectures nationally and internationally on all aspects of dental implant restorative procedures.

DATE:

Friday, August 24, 2018
Saturday, August 25, 2018

VENUE:

Zimmer Biomet Institute East
399 Jefferson Road
Parsippany, NJ 07054
973-434-0618

TIME:

Registration/Breakfast: 7:45 a.m.
Seminar: 8:00 a.m. – 5:00 p.m.

PROGRAM FEE:

\$750 per registration
\$2,100 per registration including
program fee, travel and hotel.

\$500 if registered by July 1, 2018

Program materials are included in the
program fee.

PROGRAM LEVEL:

Clinicians restoring 10 or more full-arch
cases per year

CONTINUING EDUCATION:

7 Didactic
7 Participation

IMPLANT RESTORATIVE OPTIONS FOR EDENTULOUS AND PARTIALLY EDENTULOUS PATIENTS HANDS-ON WORKSHOP

Speaker: James A. Rivers, DMD, MHS and Monica J. Cayouette, DMD

MONICA J. CAYOUCETTE, DMD, FACP, MS

Dr. Monica J. Cayouette serves as Associate Professor and Division Director of Implant Prosthodontics in the Department of Oral Rehabilitation, at the Medical University of South Carolina, College of Dental Medicine. She completed her prosthodontic postgraduate training at the University of Texas Health Science Center at San Antonio, School of Dentistry and received her Master's in Prosthodontics from the University of Texas Graduate School of Biomedical Sciences. Dr. Cayouette is a member of the American Dental Association, American Dental Education Association, Academy of Osseointegration, American College of Prosthodontics, South Carolina Dental Association, and the Charleston Dental Association. She is also a Fellow of the American Board of Prosthodontics and the American College of Dentists. In 2005, Dr. Cayouette was awarded the New Dentist Award of South Carolina by the South Carolina Dental Association. She is not only active in both undergraduate and graduate dental education, but is also active in organized dentistry through the SCDA. She maintains an active practice limited to prosthodontics and dental implants. Her special interests are dental wear and the restoration of dental implants. Dr. Cayouette is also active in Dental Continuing Education.

Zimmer Biomet is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Biomet designates this activity for up to 2 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

Zimmer Biomet Dental is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the GD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 01/01/15 to 12/31/18. Provider ID 208673.

DISCLOSURE: Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.
