PROGRAM DESCRIPTION:
Today's patients test the boundaries of implant dentistry. From systemic health issues and frequent periodontal disease, to ever-increasing aesthetic and immediacy demands, clinicians need advanced solutions that are easy to implement. This program outlines clinically-documented protocols to treat these challenging cases in new and innovative ways. Additionally, a simplified impression technique that facilitates fabrication of patient-specific abutments will be discussed, and guidelines for intraoral scanning and CAD/CAM abutment design will be presented.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:

- Identify patients who may be candidates for Rapid Recovery, Risk Management and Revision Therapy protocols.
- Describe how implant design can affect long-term success.
- Understand the team approach for 3D planning through CAD/CAM restoration, between the surgeon, the restoring dentist, and the laboratory technician.
- Integrate digital impressions and CAD/CAM restorations into implant therapy.

Georgios E. Romanos, DDS, PhD, Prof.
Dr. Georgios Romanos is a Professor of Periodontology at the Stony Brook University, School of Dental Medicine; Professor for Oral Surgery and Implant Dentistry in Frankfurt, Germany; Fully trained in Periodontics, Prosthodontics and Oral Surgery in Germany and NY; Board Certified in Oral Surgery and Implant Dentistry in Germany; Certificate in Periodontology and AEGD (Univ. of Rochester); Diplomate by the American Board of Periodontology and the Int. Innovation & Insights: Rapid Recovery, Risk Management and Revision Therapy

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet Dental to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet Dental. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

TRANSPARENCY REPORTING: All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
