Complications of Implant Restorations

PROGRAM DESCRIPTION:

This full day program is designed to support restoring clinicians, in conjunction with their surgical specialists, in their decision-making process when treating edentulous and partially edentulous patients with fixed and/or removable implant prosthodontics. They will learn basic to intermediate implant restorative options for the anterior esthetic.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- To learn to utilize temporization to improve esthetics and reduce food impaction.
- To be able to choose materials when faced with cosmetic complications.
- To become acquainted with an attachment mechanism available for tissue borne removable prosthetics that requires no chairside processing.
- To determine when to use a cementable versus screw retained restoration.
- To become familiar with various problems encountered when fabricating fixed detachable hybrids and how to correct them.

GLEN APPLEBAUM, DDS

Dr. Applebaum graduated from Rensselaer Polytechnic Institute in 1978 receiving a Bachelor of Science Degree in Chemistry. He is the recipient of the William Pitt Mason Prize and Class of 1902 Research Prize both awarded by Rensselaer. He received his DDS degree from New York University College of Dentistry in 1981 and completed a one year residency program in General Dentistry at New Rochelle Hospital Medical Center in 1982. Dr.

Applebaum is a member of the ADA, Dental Society of the State of New York, and Ninth District Dental Society. He is also a member of the American College of Oral Implantology and serves as both an implant prosthetic speaker for Zimmer Biomet Dental and Adjunct Instructor at the Medical University of South Carolina Dental School. Dr. Applebaum achieved Fellowship status in the International Congress of Oral Implantologists (ICOI) and Mastership status in the Implant Prosthodontic Section (IPS) of the ICOI, and has served as Vice Director of the Membership Committee of the IPS. He also served as prosthetic advisor to the Westchester Implant Study Club from 1995-1997. Dr. Applebaum was the recipient of first place honors in table clinic presentations at the annual IPS meeting in 1999, and he has been published in the Canadian Dental Journal Oral Health, the Journal of Nuclear Medicine and Dental Surgery Products. Dr. Applebaum maintains a practice in general dentistry in New Rochelle, New York, has been involved with implant dentistry for 28 years and has been presenting seminars for restorative dentists since 1995.

Complications of Implant Restorations

For the event to be held by Zimmer Biomet on July 28, 2017 entitled Complications of Implant Restorations, Zimmer Biomet is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, July 27 and Friday, July 28) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr, Palm Beach Gardens, FL 33410. Zimmer Biomet will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on July 28, 2017.
- Reimbursement of one round trip coach airfare ticket up to \$350 from the clinician's home city to Palm Beach International Airport (arriving Thursday, July 27 and departing Saturday, July 29). Air travel must be booked through the Zimmer Biomet travel agent. Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet travel agent within two weeks of registration confirmation. Failure to book air travel within two weeks of receiving registration confirmation will forfeit your seat in the event. Travel insurance and other insurance not provided by Zimmer Biomet. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

DISCLOSURE: Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.

TRANSPARENCY REPORTING

All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits
