

# IMPLANT RESTORATIVE OPTIONS FOR EDENTULOUS AND PARTIALLY EDENTULOUS PATIENTS HANDS-ON WORKSHOP

Speakers: Abdallah Awada, DDS, MSD and Jonathan Esquivel, DDS

ZIMMER BIOMET  
Institute

## PROGRAM DESCRIPTION:

This two-day program is designed to support restoring clinicians, in conjunction with their surgical specialists, in their decision-making process when treating edentulous and partially edentulous patients with fixed and/or removable implant prosthodontics. They will learn basic to intermediate implant restorative options and techniques through lecture and hands-on exercises in a state-of-the-art Simulated Patient Training Laboratory which allows for real-life case scenarios on one-of-a-kind proprietary simulation patients.

**Day 1** will focus on diagnosis and treatment planning using basic prosthodontic principles. Information will be presented in lecture and group discussion formats. Laboratory procedures will be accomplished regarding implant/abutment impressions, master casts and fabrication of screw-retained provisional restorations.

**Day 2** will focus on full arch, fixed and removable implant prostheses. The benefits and limitations of screw versus cement-retained implant restorations, screw mechanics, abutment selection criteria, and occlusion for definitive prostheses will be thoroughly discussed. The laboratory exercises will concentrate on removable, implant-supported overdentures including clinical and laboratory steps needed in fabricating stable, retentive removable overdentures.

## PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who are candidates for fixed and removable implant-supported restorations.
- Develop treatment plans for edentulous and partially edentulous patients utilizing implant-supported prostheses.
- Make implant/abutment impressions and soft-tissue master casts for definitive prostheses.
- Fabricate a multiple-unit, screw-retained provisional prosthesis for an implant-supported fixed partial denture.
- Fabricate a provisional restoration with optimal gingival contours and easy access for oral hygiene.

## ABDALLAH AWADA, DDS, MSD

Dr. Awada is a DDS graduate from Saint-Joseph University in Beirut, Lebanon. He specialized in Prosthodontics at Boston University's Goldman School of Dental Medicine. Dr. Awada is on the faculty at the LSU School of Dentistry Department of Prosthodontics where he has also served as Associate Director of Graduate Prosthodontics. He is an active member of the American Academy of Fixed Prosthodontics, as well as the American

College of Prosthodontists, where he serves as the President of the Louisiana Section. In his faculty practice, Dr. Awada focuses on comprehensive oral rehabilitation cases involving smile design, implantology, digital dentistry, and all-ceramic restorative materials.

## DATE:

Friday, November 10, 2017  
Saturday, November 11, 2017

## VENUE:

Zimmer Biomet Institute West  
1900 Aston Ave.  
Carlsbad, California 92008  
760-929-4119

## TIME:

Registration/Breakfast: 7:45 a.m.  
Seminar: 8:00 a.m. – 5:00 p.m.

## PROGRAM FEE:

\$750 per registration

\$500 if registered by October 9, 2017

Program materials are included in the program fee.

## PROGRAM LEVEL:

Clinicians restoring 5 or more cases per year

## CONTINUING EDUCATION:

7 Didactic  
7 Participation

Speakers: Abdallah Awada, DDS. MSD and Jonathan Esquivel, DDS

## JONATHAN ESQUIVEL, DDS

Dr. Jonathan Esquivel, a Nicaraguan native, has made his passion for dentistry be the driving force to pursue excellence in dental treatment, patient care and academics. He received his dental training at Universidad Americana in his hometown Managua, Nicaragua. After graduating dental school he joined a practice with his father for 4 years. His ongoing passion for prosthetics drove him to pursue specialty training in prosthodontics at the Louisiana State University School Of Dentistry. After graduating from residency in 2013 he enrolled in a esthetics and surgical implant fellowship at Louisiana State University. During this time he has been invited to lecture for local study clubs, in state meetings, out of state CE courses and international symposiums in 7 different countries. He is currently working towards a career in academics and stands as current Assistant Professor, Department of Prosthodontics at Louisiana State University.

Zimmer Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Dental designates this activity for 14 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at [www.ada.org/goto/cerp](http://www.ada.org/goto/cerp).

**DISCLOSURE:** Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

**DISCLAIMER:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

**IMPORTANT:** Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

**REGISTRATION AND CANCELLATION POLICY:** In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to [institute@zimmerbiomet.com](mailto:institute@zimmerbiomet.com) at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.
