Immediate Implants - Recent Trends and Protocols

20th Feb 2021 (Saturday), 2:30pm to 6:00pm

PROGRAM DESCRIPTION:
With growing demands from patients, to reduce the overall treatment time, Immediate Implant placement and Immediate Loading are becoming popular treatment options. In this study club, Dr. Arunkumar will share his experiences in providing immediate implants as well as discuss ways to overcome challenges faced during treatment. He will provide an overview of key elements like patient selection, treatment planning, conventional and digital techniques to provisionalisation.

PROGRAM OBJECTIVES:
- Discuss biological and anatomical considerations in relation to immediate implant placement after atraumatic tooth extraction.
- Review guidelines for proper patient selection, diagnostics, indications/contraindications, and treatment planning always with the prosthetic final result in mind.
- Discuss an appropriate approach for provisional restoration (screw- and cement-retained) and design of provisional crowns, both digital and conventional techniques.
- Provide current Clinical and Scientific trends on Immediate Loading.

SCHEDULE:
02:30pm to 03:00pm – Registrations and Welcome Note
03:00pm to 04:30pm – Lecture on: Immediate Implants – Recent Trends and Protocols
04:30pm to 05:00pm – Question and Answers Session

Dr. Arunkumar B
Dr Arunkumar graduated from The TN Dr.M.G.R Medical University, Saveetha Dental College & Hospitals, Chennai, in 1998. He went on to complete his Masters in Prosthodontics from the same university in 2004. He is a well-known practitioner and academician in Chennai with 19 years of experience in Implantology. He has spoken in various National and International Symposia and conducted numerous workshops in the field of Implantology. His dedication to provide the best available treatment options to his patients, lead him to explore the latest and most advanced technologies in dentistry. His interests include management of prosthetically challenging cases and achieve aesthetically driven functional results.
