

Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient

Speaker: Kevin Oakes, DDS

PROGRAM DESCRIPTION:

Patients with debilitated dentition often seek rehabilitation to quickly regain their confidence and quality of life. Immediate full-arch restoration can be an excellent solution for meeting patient demands and expectations. This program will provide an overview of this treatment modality, including a step-by-step, practical approach to delivering a provisional full-arch prosthesis on the day of implant placement, as well as the steps necessary to develop an aesthetic, functional definitive prosthesis.

PROGRAM OBJECTIVES:

At the end of the program, the participant should be able to:

- Understand the scientific basis for immediate occlusal loading of edentulous jaws.
- Use a decision tree to determine which patients are the best candidates for immediate full-arch therapy.
- Develop a plan for fabricating an immediate full-arch provisional restoration with the aid of the Revitalize™ Guidelines.
- Identify the surgical and prosthetic components required for clinical treatment.

SPEAKER: Kevin Oakes, DDS

Dr. Oakes, Maxillofacial Prosthodontist, received his Bachelor's degree from Virginia Polytechnic Institute and State University and his dental degree from the Medical College of Virginia Dental School. He completed his Prosthodontic Residency at Walter Reed Army Medical Center in Washington D.C. and his Maxillofacial Prosthetic Fellowship at the Postgraduate Dental School at the National Naval Medical Center in Bethesda, MD. A Diplomate of the American Board of Prosthodontics, Dr. Oakes retired from the U.S. Army with 24 years of service. His final military assignment he served as the Walter Reed Army Medical Center Chief, Maxillofacial Prosthetics and Prosthodontics as well as the Officer-in-Charge of the Hospital Dental Clinic and staff where he provided casualty care and reconstruction. Dr Oakes is published with an emphasis on implant restorations both intra and extra oral. Dr Oakes is currently in private practice in Frederick, MD providing Prosthodontics and Maxillofacial Prosthetics care with an emphasis on implant restoration.

ZIMMER BIOMET

Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient

Speaker: Kevin Oakes, DDS

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Events@zimmerbiomet.com.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items includes meals and continuing dental education credits.

Unless otherwise indicated, as referenced herein, all trademarks are the property of Zimmer Biomet; and all products are manufactured by one or more of the dental subsidiaries of Zimmer Biomet Holdings, Inc., and distributed and marketed by Zimmer Biomet Dental (and, in the case of distribution and marketing, its authorized marketing partners). For additional product information, please refer to the individual product labeling or instructions for use. Product clearance and availability may be limited to certain countries/regions.
