PROGRAM DESCRIPTION:
Patients with debilitated dentition often seek rehabilitation to quickly regain their confidence and quality of life. Immediate full-arch restoration can be an excellent solution for meeting patient demands and expectations. This full-day program demonstrates a step-by-step, practical approach to both delivering a provisional full-arch prosthesis on the day of implant placement and later creating an aesthetic, functional definitive prosthesis.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:

• Understand the scientific basis for immediate occlusal loading of edentulous jaws.
• Use a decision tree to determine which patients are the best candidates for immediate full-arch therapy.
• Develop a plan for fabricating an immediate full-arch provisional restoration with the aid of the RevitaliZe™ Guidelines.
• Identify the surgical and prosthetic components required for clinical treatment.

Furat M. George, BDS, MS
Dr. George received his dental degree from the University of Baghdad, College of Dentistry and his prosthodontic specialty training at the University of Michigan, School of Dentistry. Dr. George is currently a Clinical Associate Professor in the department of Biologic and Materials Sciences and Prosthodontics, Co-director of the Pre-doctoral Implant Program and Director of the Graduate Prosthodontics Clinic. He is a member of the American College of Prosthodontists, a member of the International Association for Dental Research and the American Association for Dental Research, and a Fellow of the International Congress of Oral Implantologists. His research interests are in the field of dental ceramics and the utilization of CAD/CAM technology in dentistry and research. Dr. George serves as a reviewer for multiple scientific journals and has multiple publications in the field of prosthodontics and dental implants. His private practice is limited to prosthodontics and implant dentistry.

$299 USD (program fee, travel and hotel*)
For the event to be held by Zimmer Biomet Dental on May 7, 2021 entitled Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient, Zimmer Biomet Dental is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, May 6 and Friday, May 7) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr, Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on May 7, 2021.
- One round-trip coach airfare ticket up to $400 from the clinician’s home city to Palm Beach International Airport (arriving Thursday, May 6 and departing Saturday, May 8). Air travel must be booked through the Zimmer Biomet Dental travel agent. Once registration is confirmed detailed instructions will be sent.
- Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

**DISCLOSURE:** Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

**DISCLAIMER:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

**IMPORTANT:** Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

**REGISTRATION AND CANCELLATION POLICY:** In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

**TRANSPARENCY REPORTING:** All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
