Full-Arch Rehabilitation Surgical Cadaver Hands-on Workshop for the Surgical Specialist

PROGRAM DESCRIPTION:

This two-day program is designed for specialists who are currently treating and wish to refine their clinical skills treating patients with full-arch rehabilitation. The concepts and techniques taught in this program will enable participants to surgically place angled implants and deliver full-arch immediate loaded screw-retained provisional restorations to patients.

Participants will learn a step-by-step, practical approach to placing and restoring implants as well as deliver provisional prostheses on the day of implant placement through a combination of didactic and hands-on training; definitive prostheses can be fabricated and delivered in an appropriate timeframe. Discuss the team concepts linking the surgical and restorative practices with the dental laboratory to deliver this advanced care in an efficient manner.

The hands-on exercises of this course will take place in a state-of-the-art Surgical Cadaveric Laboratory. This allows clinicians to perform real-life clinical scenarios on human tissue to achieve these types of procedures including the steps needed to fabricate immediate, functional, full-arch provisional restorations; surgical procedures. Definitive prosthesis design and fabrication will also be discussed.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who are candidates for immediate full-arch restorations
- Grasp the key components of the clinical and surgical treatment planning and work-up involved in these cases
- Diagnose, treatment plan, and set up the requisite appointments/logistics for these procedures
- Communicate the treatment plan with surgical, restorative and laboratory professionals to create an effective team approach and optimal patient outcomes
- Plan and execute the surgery and restoration
- Understand these cases from the patient perspective
- Identify the appropriate restorative components needed for full-arch provisional restorations
- Fabricate an immediate full-arch provisional restoration by following the guidelines for RevitaliZe[®] Patient Solutions

RICK A. KAPITAN, DDS, MS

Dr. Rick Kapitan is a Board Certified Oral & Maxillofacial Surgeon specializing in cleft lip/palate surgery, orthognathic (jaw realignment) surgery, facial trauma repair, bone grafting, and dental implant reconstruction. Dr. Kapitan holds both a doctorate in surgery and master's of science degrees, as well as advanced training as a specialist in surgery and anesthesia (OMS) from The Ohio State University Medical Center. Dr. Kapitan is a Diplomate of the American

Board of OMS a Fellow of the American Association of OMS. He holds appointments as Adjunct Faculty in the Department of Oral & Maxillofacial Surgery at both Louisiana State University (LSU) and the University of North Carolina, Chapel Hill (UNC). Locally, he is the Director of both the Carolinas Center for Cleft Lip & Palate Surgery and of the Envision™ Implant Academy, positions that both involve speaking to groups of practitioners and extensive clinical instruction in surgery. Additionally, Dr. Kapitan is a national lecturer and clinical course instructor in advanced dental implant surgery for Zimmer Biomet Institute. Internationally, Dr. Kapitan is a volunteer cleft surgeon, surgical team leader, and sits on the Board of Directors of the Free To Smile Foundation; a not-for-profit medical mission group that provides free cleft lip and palate surgeries to children in need around the globe.

- Three nights lodging (Thursday, August 2, Friday, August 3 and Saturday, August 4) at the Sheraton Parsippany, 199 Smith Rd, Parsippany, NJ 07054. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Sheraton Parsippany and the Zimmer Biomet Institute East.
- Continental breakfast and lunch provided on August 3 and 4, 2018.
- One round trip coach airfare ticket up to \$350 from the clinician's home city to Newark International Airport (arriving Thursday, August 2 and departing Saturday, August 4). **Air travel must be booked through the Zimmer Biomet travel agent.** Once registration is confirmed detailed instructions will be sent.
- Travel insurance and other insurance is not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.
- To obtain reimbursement for air travel, registrants must book air travel through Zimmer Biomet Dental's designated travel agency at the time of registration confirmation. Reimbursement will not be provided if registrant chooses to book air travel outside of Zimmer Biomet Dental's designated travel agency or uses personal mileage for airfare.

Zimmer Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Dental designates this activity for 14 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

Zimmer Biomet Dental is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the GD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 01/01/15 to 12/31/18. Provider ID 208673.

DISCLOSURE: Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.

TRANSPARENCY REPORTING

All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits
