

ZBI LIVE CASE PRESENTATIONS

Single Restorations to Full-Mouth Reconstruction

COMPLIMENTARY LIVE CE VIRTUAL PROGRAM

PROGRAM DESCRIPTION:

Clinical success can be defined as achieving a result that is aesthetic, functional, and predictable. The art and science of Implant Dentistry will be introduced with emphasis on the fundamental principles and techniques required to rehabilitate function and form. In this program, the clinical cases presented will provide dentists with a scientifically based rationale for all diagnostic, treatment planning, and patient care decisions. The procedures will be presented and explained, using clinical records, radiographs, models, and photographs. The criteria for selection of materials and technologies, and alternatives, will be discussed as there are relevant to each case. At the completion of the case presentations, the clinical perspective of the treating clinician will be summarized to include: key takeaways from the treatment; a discussion of the most successful aspect of the treatment; and how the same treatment might be performed differently.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Understand the fundamentals of treatment planning with Implant Dentistry.
- Review how to select patients and set their expectations.
- Develop a stronger understanding of prosthetic needs, materials and methods.
- Determine proper smile and facial design.
- Understand complications, risks, and criteria for success using different scenarios and cases and communicating with your team!

Roya Zandparsa, DDS, MSc, DMD

Dr. Zandparsa is a Professor and Biomaterials Course Director of the Department of Prosthodontics at Tufts University School of Dental Medicine and the President of American Academy of Dental Science. She received her DMD from Tufts University School of Dental Medicine, an MSc in Biomaterials & Biomimetics and Certificate in Prosthodontics from New York University (NYU) Graduate School of Arts and Science and New York University College of Dentistry, respectively. She completed a fellowship in Implant Dentistry from Harvard University School of Dental Medicine and a fellowship in Academic Leadership from American Dental Education Association (ADEA) Leadership Institute. Dr. Zandparsa has received numerous awards during her academic career in Prosthodontics for being an outstanding scholar & clinician from NYU College of Dentistry, and Deans' Awards for Excellence in clinical teaching from Tufts University School of Dental Medicine. She has been making major contribution in research, which has resulted in numerous published articles and book chapters. Dr. Zandparsa lectures nationally and internationally and reviews manuscripts for several scientific journals.

ADA CERP®

Continuing Education Recognition Program

Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Zimmer Biomet Dental
Nationally Approved PACE Program
Provider for FAGG/MAGD credit.
Approval does not imply acceptance by any
regulatory authority or ADEA endorsement.
1/1/2021 to 12/31/2022
Provider ID#: 208673

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. Zimmer Biomet Dental reserves the right to cancel or substitute this program.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits. *The fair market value of this complimentary program will be reported as required under any transparency laws applicable in your region. In the USA, the reportable value per credit hour is USD \$50.

The information being presented is of a general nature and is for dental education purposes only. The information includes descriptions of conditions that a healthcare professional may encounter and treatment options that may be considered for those conditions. Because this information does not purport to constitute any diagnostic or therapeutic statement with regard to any individual medical/dental case, each patient must be examined and advised individually, and this information does not replace the need for such examination and/or advice in whole or in part. Each healthcare professional should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this information does not purport to replace the comprehensive training clinicians have received. All references to Zimmer Biomet Dental contained herein refer to the dental subsidiaries of Zimmer Biomet Holdings, Inc. Unless otherwise disclosed or referenced, all products are manufactured by one or more of the dental subsidiaries of Zimmer Biomet Holdings, Inc. and marketed and distributed by Zimmer Biomet Dental and its authorized marketing partners.
