PROGRAM DESCRIPTION:
Achieving optimal, predictable results with implant restorations may be one of the most challenging goals in implant dentistry. This program will present several challenging clinical scenarios involving missing teeth, as well as the surrounding hard and soft tissues in the aesthetic zone. Preoperative planning will be emphasized as a means of avoiding or minimizing surgical and/or restorative complications. Critical diagnostic steps will be discussed, including fabrication of surgical guides to optimize implant placement. The literature is replete with clinical guidelines relative to provisional restorations being critical in obtaining optimal results; provisional restorations are also important regarding abutment selection and design features, as well as establishing contours of the definitive restorations. Clinical situations will be illustrated where implant placement and/or tissue contours were not ideal and additional surgical interventions and prosthodontic modifications were needed to resolve the complications.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:
- Identify patients with potential clinical challenges regarding implant-supported restorations in the anterior aesthetic zone.
- Understand established clinical guidelines that manage complex treatment in the aesthetic zone.
- Understand how surgical procedures may improve treatment results in the aesthetic zone.
- Have a working knowledge of developing optimal soft-tissue contours with fabrication of custom provisional restorations.
- Identify the role provisional restorations play in developing optimal design features for definitive restorations.
- Make appropriate decisions regarding abutment and material selections in the aesthetic zone.

CARL DRAGO, DDS, MS, FACP
Dr. Drago received his DDS from The Ohio State University College of Dentistry and MS from the University of Texas Graduate School of Biomedical Sciences at San Antonio. Dr. Drago is a Diplomate of the American Board of Prosthodontics, a Fellow in the American College of Prosthodontists and the American College of Dentists. He has more than 80 published articles and has written four textbooks on dental implants. He is an Adjunct Associate Professor in Graduate Prosthodontics at Marquette University School of Dentistry. He maintains a private practice limited to fixed, removable, and implant prosthodontics in LaCrosse, Wisconsin.

DATE/TIME:
Friday, February 1, 2019
Registration/Breakfast: 7:30 a.m.
Seminar: 8:00 a.m. – 4:30 p.m.

VENUE:
Zimmer Biomet Institute South
4600 East Park Drive
Palm Beach Gardens, FL 33410

For the event to be held by Zimmer Biomet Dental on February 1, 2019 entitled, Avoiding Complications in the Anterior Aesthetic Zone, Zimmer Biomet Dental is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, January 31 and Friday, February 1) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr., Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on February 1.
- Reimbursement of one round-trip coach airfare ticket up to $350 from the clinician’s home city to Palm Beach International Airport (arriving Thursday, January 31 and departing Saturday, February 2). Air travel must be booked through the Zimmer Biomet Dental travel agent. Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet Dental travel agent within two weeks of registration confirmation. Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

**ADA CERP**

Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

**DISCLOSURE:** Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

**DISCLAIMER:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not purport to replace the comprehensive training clinicians have received.

**IMPORTANT:** Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

**REGISTRATION AND CANCELLATION POLICY:** In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

**TRANSPARENCY REPORTING:** All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
