

Clinical Guidelines for Treatment of Edentulous and Partially Edentulous Patients with Implant Therapy

Speaker: Carl J. Drago, DDS, MS

PROGRAM DESCRIPTION:

Implant loading protocols have evolved since the introduction of osseointegration in North America in 1983. There is a significant amount of clinical literature that illustrates high survival rates for implants placed and immediately loaded with full functional occlusion. The data from multiple centers around the world suggest that immediate occlusal loading for full arch restorations is viable. In addition, patients are presenting themselves to clinicians and demanding such treatment. This program will provide a comprehensive review of the literature with clinical examples of treatment and is indicated for clinicians who currently treat or plan to treat patients with full arch immediate loading.

PROGRAM OBJECTIVES:

At the end of the program, the participant should be able to:

- Understand the scientific basis for immediate occlusal loading of edentulous jaws.
- Identify periodontally compromised and edentulous patients who are candidate for immediate occlusal loading.
- Understand the clinical pathway for identifying appropriate treatment options based on the specific considerations of the patient.
- Identify the surgical and prosthetic components required for clinical treatment.

Speaker: Carl J. Drago, DDS, MS

Dr. Drago received his dental degree from Ohio State University College of Dentistry and a Master's Degree from the University of Texas Graduate School of Biomedical Sciences at San Antonio, Texas. Dr. Drago is a Diplomate of the American Board of Prosthodontics, a Fellow in the American College of Prosthodontists and the American College of Dentists. He is published and has written textbooks on dental implants. Dr. Drago

currently serves as the Clinical Science section editor for the Journal of Prosthodontics. He is an Adjunct Associate Professor in Graduate Prosthodontics at Marquette University School of Dentistry. He maintains a private practice limited to fixed, removable, and implant prosthodontics in LaCrosse, Wisconsin.

DATE:

Friday, December 8, 2017

VENUE:

DoubleTree by Hilton Cape Cod - Hyannis
287 Hyannough Road
Hyannis, MA 02601
508-771-1700

TIME:

Registration: 12:00 PM
Lecture: 1:00 – 4:00 PM

PROGRAM FEE:

Complimentary

PROGRAM LEVEL:

Intermediate

CONTINUING EDUCATION:

3 Didactic Credits

ZIMMER BIOMET

Clinical Guidelines for Treatment of Edentulous and Partially Edentulous Patients with Implant Therapy

Speaker: Carl J. Drago, DDS, MS

Zimmer Biomet is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Biomet designates this activity for up to 3 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Events@zimmerbiomet.com. Cancellations received less than 15 days prior to the course date will receive a refund of the tuition amount paid less a \$50 administrative fee.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items includes meals and continuing dental education credits.
