Advancements in Restorative Implant Therapy: Digital Dentistry, Cement vs. Screw-Retained Restorations, and Full Arch Treatment

PROGRAM DESCRIPTION:
The program will focus on advancements and new techniques for the restorative aspects of implant therapy. Digital technologies will be presented for fabrication of implant-supported restorations, including data capture with the use of a coded healing abutment for fabrication of CAD/CAM abutments. Benefits and limitations of intraoral scanners currently available will be discussed, along with advanced design principles used in CAD/CAM abutment design. The benefits and limitations of cement- versus screw-retained implant-supported restorations for single- and multiple-unit implant restorations will be reviewed, along with techniques to assure optimal fit between abutments and implant restorative platforms. For patients with debilitated dentitions, a step-by-step, practical approach to delivering a provisional full-arch prosthesis on the day of implant placement and later creating an aesthetic, functional definitive prosthesis will be discussed.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:
- Understand the new digital technologies available for fabricating implant abutments and restorations.
- Describe advanced techniques for custom abutment design.
- Identify the benefits and limitations of cement vs. screw-retained implant restorations in partially edentulous patients.
- Identify potential candidates for full arch therapy; fabricate and deliver provisional and definitive full-arch prostheses.

BRUCE R. OUELLETTE, DDS
Dr. Ouellette received his dental degree from the University of Maryland in Baltimore, Maryland. His professional affiliations include the American Academy of Cosmetic Dentistry, American Dental Association, Florida Academy of Cosmetic Dentistry, American Equilibration Society and the Florida Dental Association. Dr. Ouellette is a former faculty member at the Dawson Academy For Advanced Dental Study in St. Petersburg, Florida, a former Clinical Instructor at Palm Beach State College and Visiting Faculty for advanced continuing dental education at Baylor College of Dentistry in Dallas, Texas. Dr. Ouellette maintains a full-time private practice, focusing on occlusion, aesthetics, implant reconstruction and TMJ in West Palm Beach, Florida.

DATE/TIME:
Friday, March 8, 2019
Registration/Breakfast: 7:30 a.m.
Seminar: 8:00 a.m. – 4:30 p.m.

VENUE:
Zimmer Biomet Institute South
4600 East Park Drive
Palm Beach Gardens, FL 33410

For the event to be held by Zimmer Biomet Dental on March 8, 2019 entitled Advancements in Restorative Implant Therapy: Digital Dentistry, Cement vs. Screw-Retained Restorations, and Full Arch Treatment, Zimmer Biomet Dental is offering to U.S. and Canada based clinicians:

- Two nights lodging (Thursday, March 7 and Friday, March 8) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr., Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on March 8.
- Reimbursement of one round-trip coach airfare ticket up to $350 from the clinician’s home city to Palm Beach International Airport (arriving Thursday, March 7 and departing Saturday, March 9). **Air travel must be booked through the Zimmer Biomet Dental travel agent.** Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet Dental travel agent within two weeks of registration confirmation. Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

**DISCLOSURE:** Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

**DISCLAIMER:** Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations. Distribution to any other recipient is prohibited. Featured speaker has a financial relationship with Zimmer Biomet and does not comprise medical advice or recommendations and is for dental education purposes only. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each registrant is solely responsible for obtaining all insurance.

**REGISTRATION AND CANCELLATION POLICY:** In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course start date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A $25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. “No shows” will not qualify for refunds.

**TRANSPARENCY REPORTING:** All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of Value” items include meals and continuing dental education credits.
