

Zimmer Biomet Institute Technology Forum

Achieving Sustainable Aesthetics through Implant Therapy Solutions for Complex Cases with Narrow Anterior Conditions and Minimally Invasive Posterior Areas

PROGRAM DESCRIPTION:

Join the Zimmer Biomet Institute for an educational event designed to evaluate today's most advanced oral rehabilitation treatment methods for optimal sustainable aesthetic outcomes for patients.

This full-day program will concentrate on treatment planning complex cases through a decision making process for patients with narrow anterior conditions and identifying candidates for minimally invasive posterior options. The top-down treatment planning approach to case preparation will emphasize advanced technologies focused on achieving aesthetics in implant dentistry.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Understand the value of using a top-down treatment planning approach to case preparation.
- Understand the clinical benefits of new technologies such as the T3[®] Short Implant and Eztetic[™] Implant.
- Identify various grafting materials and techniques for regeneration.
- Analyze and evaluate interocclusal clearance when determining minimally invasive surgical options.
- Identify the surgical protocols recommended in various bone types for high primary stability using the Eztetic Implant.

SUHEIL BOUTROS, DDS

Dr. Boutros received his DDS degree from the University of Detroit Mercy and his Master's degree and specialty certificate in periodontics from the University of Minnesota. He maintains a full time private practice limited to periodontics and dental implants in Grand Blanc and Clarkston, Michigan. Dr. Boutros is a Diplomate of the American Board of Periodontology (ABP), the American Board of Oral Implantology (ABOI) and the International College of Oral Implantologists (ICOI). He is a Fellow the Academy of Osseointegration (AO), the American

College of Dentists (ACD), and the International College of Dentists (ICD). He serves on the Dean's Faculty as a Clinical Assistant Professor at the University of Michigan. Dr. Boutros lectures extensively both nationally and internationally on dental implants, advanced bone grafting and periodontal plastic surgery and is the author of numerous professional publications.

Achieving Sustainable Aesthetics through Implant Therapy Solutions for Complex Cases with Narrow Anterior Conditions and Minimally Invasive Posterior Areas

For the event to be held by Zimmer Biomet Dental on March 16, 2018 entitled, Achieving Sustainable Aesthetics through Implant Therapy Solutions with Eztetic Implants and T3 Short Implants, Zimmer Biomet Dental is offering to U.S. based clinicians in the following applicable states (**please see list below**):

- Two nights lodging (Thursday, March 15 and Friday, March 16) at the Hilton Garden Inn, 3505 Kyoto Gardens Dr, Palm Beach Gardens, FL 33410. Zimmer Biomet Dental will make lodging reservations once registration is confirmed.
- Transportation to and from the Hilton Garden Inn and the Zimmer Biomet Institute South.
- Continental breakfast and lunch on March 16, 2018.
- Reimbursement of one round trip coach airfare ticket up to \$350 from the clinician's home city to Palm Beach International Airport (arriving Thursday, March 15 and departing Saturday, March 17). Air travel must be booked through the Zimmer Biomet Dental travel agent. Once registration is confirmed detailed instructions will be sent.
- Air travel must be booked through the Zimmer Biomet Dental travel agent within two weeks of registration confirmation. Travel insurance and other insurance are not provided by Zimmer Biomet Dental. Registrant is solely responsible for obtaining all insurance.

Certain state and federal laws require disclosure of information on compensation, reimbursement, or other expenses paid by Zimmer Biomet to clinicians. In this regard, clinician agrees to complete any such reporting forms and to comply with any additional information requests from Zimmer Biomet. Once reported to the applicable state and federal agencies, such information may be publicly accessible.

Zimmer Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Dental designates this activity for 14 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

DISCLOSURE: Zimmer Dental, Inc. and Biomet 3i, LLC (part of the Zimmer Biomet Dental Division) manufacture and distribute products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. In the event that a registrant needs to cancel, written notification must be sent to institute@zimmerbiomet.com at least 30 days prior to the course date to receive a full refund. Cancellations received less than 30 days, but more than 15 days prior to the course date will receive a 50% refund. No refunds are provided after this date. A \$25 administration fee will apply to all attendee cancellations. Please allow 2 weeks for refunds. "No shows" will not qualify for refunds.

TRANSPARENCY REPORTING

All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits
