

Aesthetic Implant Restorations Utilizing Advanced Digital Dentistry

Speaker: Furat M. George, DDS

PROGRAM DESCRIPTION:

The evolution of digital dentistry has provided dental professions with a new standard in delivering restorations with both aesthetic and functional outcomes. The combination of CAD/CAM technology and intra-oral scanners allows restorative clinicians in collaboration with the dental laboratories to design and fabricate patient-specific restorations for long-term aesthetics and function. This program will review today's digital technology; provide the clinical rationale for integrating digital workflows in the dental practice; provide an overview of the benefits and limitations of intra-oral scanners; and the design principles used in the abutment design.

PROGRAM OBJECTIVES:

At the end of the program, the participant should be able to:

- Understand the ideal workflow in order to incorporate digital dentistry in the dental practice.
- Recognize the value of utilizing advanced technologies for developing and sustaining aesthetic restorations supported by dental implants.
- Comprehend the benefits and limitations of intra-oral scanners.
- Understand the design principles used in CAD/CAM abutment design.

Speaker: Furat M. George, DDS

Dr. Furat M. George received his dental degree from the University of Baghdad – College of Dentistry in 1998. He worked in private practice, in a dental supply company as a marketing director, and in a dental assisting school as a part-time instructor. In 2007, he completed his graduate prosthodontic training at the University of Michigan – School of Dentistry and became a full-time faculty member. Dr. George is currently co-director of the predoctoral implant

program and co-director of the removable partial denture course for the second year dental class. He is serving in the School of Dentistry Implant committee and the Materials, Instruments, Forms, and Fees committee. Dr. George is a member of the American College of Prosthodontists, a member of the International Association for Dental Research and the American Association for Dental Research, and a fellow of the International Congress of Oral Implantologists. His research interests are in the field of dental ceramics and the utilization of CAD/CAM technology in dentistry and research.

DATE:

Thursday, March 8, 2018

VENUE:

Weber's Inn
3050 Jackson Road
Ann Arbor, MI 48103
734-769-2500

TIME:

Registration: 6:00 PM

ZIMMER BIOMET

Aesthetic Implant Restorations Utilizing Advanced Digital Dentistry

Speaker: Furat M. George, DDS

Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zimmer Biomet Dental designates this activity for up to 2 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

Zimmer Biomet Dental is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 01/01/15 to 12/31/18. Provider ID 208673.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Events@zimmerbiomet.com. Cancellations received less than 15 days prior to the course date will receive a refund of the tuition amount paid less a \$50 administrative fee.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items includes meals and continuing dental education credits.

Unless otherwise indicated, as referenced herein, all trademarks are the property of Zimmer Biomet; and all products are manufactured by one or more of the dental subsidiaries of Zimmer Biomet Holdings, Inc., and distributed and marketed by Zimmer Biomet Dental (and, in the case of distribution and marketing, its authorized marketing partners). For additional product information, please refer to the individual product labeling or instructions for use. Product clearance and availability may be limited to certain countries/regions. This material is intended for clinicians only and does not comprise medical advice or recommendations. This material may not be copied or reprinted without the express written consent of Zimmer Biomet Dental. ADA CERP is a registered trademark of the American Dental Association.
